## Foreword

This volume contains papers presented at the 1<sup>st</sup> International Conference “Society. Technology. Solutions”. The conference was held during April 25-26, 2019, in Valmiera, Latvia.

The aim of the conference was to provide a platform for researchers to share knowledge and ideas in the recent trends in the following disciplines:

- Virtual reality technologies and visualization
- Smart technologies and eco-buildings
- E-learning management and technologies
- Socio-technical systems modelling technologies
- Sustainable national economy and knowledge society
- Communication ecosystem and technologies

The conference gave an overview of the state of the art as well as upcoming trends, and promoted discussion in the academic and corporate world in the aforementioned disciplines.

Here follows a selection of conference papers related to the subject areas covered by the BJMC.
